www.shellmyl.info

Please treat it as scam

How do you know it is a scam?

First of all, the website domain name - www.shellmyl.info is nothing to do with genuine Malaysia Shell company. the .info means it is overseas domain name and anyone can register that domain name. What is that stupid myl behind Shell??

If it is genuine winning game we should see it in all local Malaysia Shell Petrol stations but you see nothing of such promotion. Be smart don't fall for it.
